

THE CENTER FOR AQUACULTURE TECHNOLOGIES CANADA

Aquaculture Technologist-Fish Health

The Center for Aquaculture Technologies Canada, a private aquaculture innovation and research company is seeking **two Aquaculture Technologists** to assist in the daily operations of its R&D Facility on Prince Edward Island. These are full-time, permanent, positions reporting to the Director of Fish Health. Our research team focuses on providing high quality contract R&D support and professional services to the aquaculture industry. The successful candidate(s) will be a key member of CATC Fish Health team with the following responsibilities:

- Assist in the daily operations of the aquarium facilities in compliance with regulatory guidelines.
- Performs daily husbandry and equipment monitoring including data collection in compliance with standard operating procedures.
- Assists in setting up and decommissioning of aquaculture systems.
- Expected to work weekends on a rotating basis.
- May participate in on-call monitoring of facility operations on a rotating basis.

Desired skills/experience/competencies:

A minimum of a high school diploma with experience handling and maintenance of animals and/or aquaculture systems desirable. The successful candidate must have the ability to work as part of a team in compliance with facility standard operating procedures and be physically able to handle tasks that include, lifting, bending and climbing. Candidates must demonstrate keen attention to detail and have the ability to think strategically, solve problems, and work independently in a fast-paced environment. CATC staff are innovative and foster a positive work environment congruent with the company values and philosophy.

CATC offers a competitive salary and benefits including group health care and retirement savings plans.

Please send CV/Resume and provide the contact information for three references to: info@aquatechcenter.com with 'Aquaculture Technologist-Fish Health' as the subject line.

Applications are accepted until the positions are filled; only candidates selected for interview will be contacted.
