

VetHealth Global™ Announces 2017 Emerging Company Presenters

Charlottetown, Prince Edward Island, April 4, 2017 --- VetHealth Global™ has announced the list of emerging companies to present in the **Innovation Spotlight Series** as part of **VetHealth Global™- The International Animal Health and Nutrition Business Conference, June 12 -14th in Prince Edward Island**. Companies from Canada, USA, UK, Germany, Ireland, Australia, and Israel will showcase their innovative animal health and nutrition products and technologies.

Every two years, VetHealth Global™ brings together over 200 senior animal health leaders and experts, new and emerging companies, regulators, and investors to discuss current industry trends, challenges and future opportunities within the global animal health industry.

George Heidgerken, Head of the Global Strategic Business Unit Livestock at Boehringer Ingelheim Animal Health and President of Health for Animals will serve as the **VHG 2017 Honourary Chair**. Mr. Heidgerken will provide the opening plenary address and will moderate a session with senior leaders from some of the top global animal health companies who will share their perspectives on growing customer and corporate value and responding to industry challenges and opportunities.

The emerging company presentations are part of a program that includes over 35 presenters and panelists, pre-scheduled business partnering meetings, a unique pre-conference workshop on marketing and sales in the digital world, and many networking opportunities.

Rory Francis, Executive Director of the PEI BioAlliance and Chair of VetHealth Global, says it's an exciting opportunity to bring together innovative start-ups with global leaders to discuss the future of this dynamic industry. "VetHealth Global plays a key role in the international animal health and nutrition business ecosystem – providing a unique opportunity for global leaders, some of the world's most innovative start-ups, investors, and service providers, to make connections and build relationships."

VHG 2017 emerging company presenters will include: [AIM OA SYS](#), England, UK; [BioTracelt](#) Pennsylvania, USA; [Electronic Vet](#), California, USA; [Klox Technologies Ltd.](#), Dublin, Ireland; [MicroSintesis Inc.](#), Prince Edward Island, Canada; [Miluetis Ltd.](#), Israel; [Nexvet](#), Melbourne, Australia; [Pet Wireless](#), California, USA; [Soma Detect](#), New Brunswick, Canada; [Verovaccines](#), Germany; [Tecrea Ltd.](#), England, UK.
