

Supply Chain Manager
Charlottetown, PEI

Dosecann is a Canadian licensed dealer dedicated to developing Cannabis Solutions for the global cannabis industry. Dosecann has assembled a world-class team housed in a purpose-built, 42,000 sq. ft. GMP compliant facility that will be the hub for cannabis extraction, product innovation and formulation.

About the role

Reporting to the Director of Operations, the Supply Chain Manager will be responsible for supporting operations by overseeing and managing the company's overall supply chain and logistics strategy in order to maximize the process efficiency and productivity. In addition, the candidate will play a crucial role in developing and maintaining good relationships with vendors and distributors.

The key candidate will be well organized, a good communicator, experienced in transportation and logistics, and experienced in inventory control and warehousing in a cGMP environment.

What can you expect to do

- Plan and implement the overall supply chain strategy of maintaining optimal inventory levels at various stages in the supply chain to achieve company sales projections as well as mitigate risks associated with inventory exposure.
- Collaborate with Sales, Operations, Quality, and Customer Service teams.
- Develop a supply chain scorecard and tracking performance against key supply chain KPI's.
- Use ERP software systems, like Sage to manage, control and understand inventory.
- Conduct data analysis, data analysis and modelling and interpret results to improve supply chain logistics.
- Build and develop an efficient operational team.
- Train, evaluate and provide timely and constructive feedback in order to maintain optimal operational productivity.
- Work with finance, sales, quality, and manufacturing team to determine best vendors and distributors.
- Build and maintain good relationships with vendors.

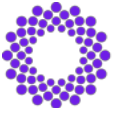

What we're looking for

- Post-secondary education in Supply Chain Management, Finance, Operations, or relevant field.
- Experience in planning and analysis; Supply Chain Management experience in a similar highly regulated CPG environment is a definite asset.
- Experience using an ERP software.
- Sense of ownership and pride in your performance and it's impact on Dosecann's success.
- Excellent business acumen combined with demonstrated leadership, communication, and collaboration.
- Proven ability to achieve results in a fast-paced environment with fluctuating priorities and deadlines.
- Previously demonstrated strong cross-functional team and project leadership skills, effective communication skills, organized and detail-oriented.

How to apply
