

QC Chemist
Charlottetown, PEI

Dosecann is a Canadian licensed dealer dedicated to developing Cannabis Solutions for the global cannabis industry. Dosecann has assembled a world-class team housed in a purpose-built, 42,000 sqft. GMP compliant facility that will be the hub for cannabis extraction, product innovation and formulation.

About the role

The Quality Control department is seeking to fill a full time QC Chemist role, to support the In Process, Intermediate, and Final product testing at Dosecann.

Reporting to the Lead Quality Control Chemist, the QC Chemist will be responsible for receiving samples into the laboratory, in process/intermediate/final material testing, equipment calibrations, quality documentation, and housekeeping duties within the laboratory. The QC Chemist will also be responsible for ordering QC supplies and updating testing status in the ERP system.

Additional responsibilities may include verification of laboratory data, document creation/edit/review, and raw material support.

What can you expect to do:

- Manage incoming samples to the lab
- Review, edit, format documents from QC
- Testing of all in process, intermediate and final product in the QC laboratory
- Use the internal ERP system to update receipt of materials, testing progress, and ordering of materials

What we're looking for:

- 2-5 years Lab experience
- Attention to detail and ability to effectively follow Standard Operating Procedures
- Previous experience using an ERP or QMS is preferred
- Excellent communication skills (both writing and verbal)

What will set you apart:

- Bachelor of Science degree (preferably with a focus in chemistry) or Bio-Technology diploma
- Experience in Quality Control environment
- Knowledge of GPP and/or GMP
- Positive attitude and willingness to learn
