

BioVectra Inc. is a leading bio-science business in Prince Edward Island and Nova Scotia, focused on contract manufacturing and product development of active pharmaceutical ingredients, pharmaceutical intermediates, and bioreagents.

BioVectra Inc. has an opening for an **Analytical Support and Development Summer Student**. This is a term position (May-August) located in Charlottetown, PEI.

The candidate will be responsible for:

- Conducting and documenting experimental work as instructed by supervisory Analytical Chemist.
- Assisting with developing modern analytical methodologies applying high performance liquid chromatography, gas chromatography, ultraviolet spectroscopy, infrared spectroscopy, Karl Fischer, etc.
- Operating, maintaining, calibrating and troubleshooting analytical equipment.
- Cleaning equipment and work area.
- Actively participating in BioVectra's quality systems, focusing on the GLP/cGMP aspects.
- Analyzing R&D or production materials.
- Working within established BioVectra quality system.
- Adhering to BioVectra's Health and Safety Policy as outlined in CP0010 Occupational Health and Safety Policy, Statements of Principle, and Responsibilities.
- Additional duties assigned, based on business needs and the department supervisor's request.

The successful candidate for this position should have:

- Working towards a B.Sc. degree in chemistry, biochemistry with previous analytical chemistry experience.
- Knowledge of analytical methodology including: IR, UV, GC, HPLC and KF.
- Excellent attention to detail, good written and oral communication skills, and computer skills as needed.

BioVectra offers a competitive salary. Interested candidates are asked to apply by choosing the "Apply Now" button at www.biovectra.com.

Closing Date: March 08th, 2021

To participate in a student work placement you must:

- Be registered in a full-time or part-time post-secondary program that includes work placements/internships/practicum;
- Be a Canadian citizen, permanent resident, or person with refugee protection given under the law;
- Be legally able to work in Canada according to the laws and regulations of the province or territory where you live.

Individual accommodations due to a disability are available upon request for candidates taking part in all aspects of the selection process. All qualified applicants will receive consideration for employment without regard to age, race, religion, ethnicity, gender, disability, citizenship status, marital status, actual or perceived sexual orientation.

BioVectra is committed to creating an inclusive environment and building a team that represents a variety of backgrounds, perspectives, and skills. We value diversity and recognize that experience comes in many forms and skills are transferable. Please view this description as a general overview, but not a mandatory comprehensive list. If you feel passionate about our efforts and believe that you have the skills to contribute and lead in this role, apply!

We thank all applicants for their interest but wish to advise that only those selected for an interview will be contacted.
