

AquaBounty Technologies, Inc. is a leader in aquaculture, using new technology in new ways to deliver game changing solutions to global problems. We feed the world and strengthen our communities while caring for our people, our environment, and our fish. Learn about our company at www.aquabounty.com.

We have an opening for a **QUALITY CONTROL ASSOCIATE** working at our Prince Edward Island farm. This position reports to our Quality Control Manager and will work with the Quality Control team assisting in the daily operation of the molecular biology labs, which support the activities of our commercial production farms. In this role the successful candidate will be expected to perform such tasks as nucleic acid extractions on various tissue samples, traditional and quantitative Real-Time PCR screening, DNA quantitation by flow cytometry and routine calibration and maintenance of all laboratory equipment.

Key Responsibilities:

- Handling and testing of samples and providing accurate results within the time requirements.
- Performing gDNA extraction, PCR/qPCR/ddPCR and flow cytometry assays.
- Ensuring lab equipment has been calibrated.
- Maintaining Good Laboratory Practices (GLP) at all times to ensure the highest quality results are obtained.
- Operating in compliance with the company's Standard Operating Procedures (SOPs).
- Writing new SOPs and validation procedures.

Requirements & Skills:

- Bachelor of Science degree in Biology, Biochemistry, Chemistry; a Diploma in Bioscience Technology or comparable combination of education and experience in a related field
- 3+ years' experience working in a cGMP or GLP regulated environment is an asset
- Excellent organizational and interpersonal skills.
- Ability to work with the team and independently.
- Highly attentive to details and ability to concentrate/focus for periods of time while handling large numbers of samples.
- Scientific writing experience.
- Ability to work efficiently in the Microsoft suite of business products, including MS Word and MS Excel.
- AquaBounty is an aquaculture company; knowledge and experience working with or around salmonids is an asset.

We offer a competitive health and welfare benefit package, optional RRSP savings program, 13 paid holidays, paid vacation and 10 paid sick days.

AquaBounty is proud to be an equal opportunity employer. If interested in this position, please email your CV or resume to careers@aquabounty.com by October 25th. We thank all interested applicants; however, only those candidates being considered for an interview will be contacted.
