

RPS Biologiques – Facility Maintenance Technician

About the Company

RPS Biologiques Inc. is a Canadian company based in Charlottetown, Prince Edward Island. We offer a variety of products and services in the aquatic, animal and human health sectors. We target critical problems in disease prevention and control with our innovative vaccines and drugs using cutting edge technology. We are also dedicated to the creation human health supplements from herbal ingredients using our proprietary treatments and purification processes to maximize bioactivity and effectiveness.

We promise to deliver sustainable and novel solutions in the biotechnology sector. Our vision is to create a balance between health, technology and nature in a sustainable and innovative way. We strive for a better world. Recently RPS has purchased a property at 2642 seven-mile road to expand their works.

Position Overview
